

# ORLANDO REYNOSO

## SYSTEM ADMINISTRATOR

**HIGHLIGHTS:** Successful IT support and system-cloud administrator with more than 19 years of experience in the field. Constantly stimulate myself and my coworkers to work hard, looking to achieve beyond the expected results, refreshing knowledge and creativity. My collaborative leadership, persuasive skills, positive attitude, and solid work ethic have allowed me to obtain a solid knowledge of many technologies and teamwork. I can prioritize, work under pressure, and meet deadlines. I am always highly motivated to learn new things from everyone around me. Seeking to use my expertise, skills, and abilities to contribute to your organization's success.
